4241 State Office Building
Salt Lake City, Utah 84114

Reference: Milford Project

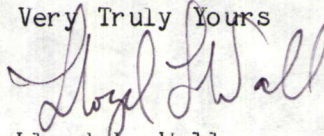

Dear Mr. Young

In an effort to prevent costly delays to the Milford Project, we are requesting a temporary permit to allow limited construction at the process site during the final review of our application.

We are requesting the temporary permit to allow site preparation and installation of the process building foundation and concrete leach pads. The area to be disturbed will be approximately two acres. Site preparation is scheduled for the first two weeks in March with the foundation being completed by April 8, 1983.

We appreciate your assistance with this project.

Very Truly Yours

Lloyd L. Wall
President
Kolt Mining Company
